Re: Request to Discuss Collaborative Approach to Addressing Negative Impacts of Rocky Mountain Metropolitan Airport

Commissioners Zenzinger, Kerr, and Dahlkemper:

The Town of Superior and Board of County Commissioners for Boulder County request a meeting to discuss a way to work with Jefferson County to assist our respective communities as it relates to certain negative operations utilizing the Rocky Mountain Metropolitan Airport.

Setting aside our past disagreement regarding the extent to which Jefferson County can address problematic operations, we hope that Jefferson County will exercise its lawful right to take at least some steps to establish and maintain a more community friendly airport. This is what we would like to discuss at the meeting in order that we can identify common ground, try to work through differences (to the extent they exist), and reach a collaborative plan moving forward that assists all communities surrounding the Airport—including Jefferson County's own residents.

The Town and Boulder County are exploring their options to protect their residents moving forward, including appealing the Boulder County District Court's March 28, 2025, order. Our desire or need to appeal will necessarily be informed by your willingness to begin meaningful discussions regarding a path forward. We have always maintained that a collaborative solution will benefit our residents much more than any assistance provided by a court.

If Jefferson County will agree to such a meeting, we will coordinate attendance and agenda prior to our meeting to ensure it is both efficient and effective. Please provide a response by April 29, 2025, so that we can determine if Jefferson County has an interest working together to find common ground.

Sincerely,

Mark Lacis
Mayor
Town of Superior
